

CVL **SP** **YUKO M-14V2**

Season oil for diesel locomotive and tractor engines.

Description

It is intended for medium-powered autotractor engines without supercharging, diesel generators, pumping units, medium-sized diesel locomotives, operating under increased loads on diesel fuel with a sulfur content of up to 0.5%.

Produced of mineral base oils with additives.

Enabled packing

 Barrel 200L

 In bulk

Benefits

- Protects engine parts against all kinds of deposits and corrosion;
- Has good detergent, antioxidant, extreme pressure and anti-wear properties;
- Neutralizing acids, formed during engine operation.

Compliance

SAE 40 | SAE 40 | API CB |

Typical characteristics

Kinematic viscosity at 100°C, mm ² /s	13.9
Density at 20°C, kg/m ³	900
Viscosity index	90
Alkalinity, mg KOH/g	5.8
Flash point in open crucible, °C	230
Pour point, °C	-12

Temperature range

Produced according to GOST 12337-84. This information is reference and it can be changed without a notice. This article is from 01/09/2014, it replaces all the early published descriptions of the product.
