

PVL **PRAKTIK 20W-50**

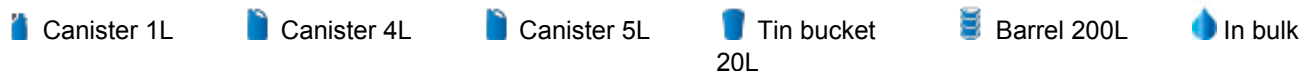

All-season mineral high viscosity motor oil.

Description

Intended for gasoline and diesel engines of passenger cars, vans, and light trucks according to manufacturers' instructions in temperate and hot environment.

Produced of high-quality base oils and selected additives package, providing flawless operation, especially in hot environment and under high loads.

Enabled packing

Benefits

- Guaranteed engine protection under high temperature operation;
- High viscosity over entire operating time of the engine oil;
- Reduces wear and noise level;
- Contains antismoke additive;
- A wide range of packaging meets the requirements of any equipment.

Compliance

SAE 20W-50 | API SF/CC |

Typical characteristics

Kinematic viscosity at 100°C, mm ² /s	18.1
Density at 20°C, kg/m ³	890
Viscosity index	120
Alkalinity, mg KOH/g	5.5
Flash point in open crucible, °C	225
Pour point, °C	-25

Temperature range

Produced according to TU U 23.2-31852954-045:2010. This information is reference and it can be changed without a notice. This article is from 01/09/2014, it replaces all the early published descriptions of the product.
