

## **YUKO T-22 (ISO 32)**

### Turbine oil

#### Description

Turbine oil of acid-land purification. Used for lubrication of bearings and auxiliary mechanisms of turbine units (steam and gas turbines, turbocompressor machines, hydraulic turbines), as well as for working in the drive systems of these machines as hydraulic fluid.

#### Enabled packing

 Barrel 200L

 In bulk

#### Benefits

- Increased anti oxidation stability allows to increase the service life of equipment;
- Excellent demulsifying properties allow oil operation even in flood conditions;
- Improved operational safety due to reduced volatility of oil components;
- Produced according to GOST.

#### Compliance

ISO 32 |

#### Typical characteristics

Kinematic viscosity at 50°C, mm <sup>2</sup> /s	20-23
Density at 20°C, kg/m <sup>3</sup>	900
Viscosity index, min	70
Acid index, mg KOH/g, max	0.02
Flash point in open crucible, °C, min	180
Pour point, °C	-15

#### Temperature range

Produced according to GOST 32-74. This information is reference and it can be changed without a notice.
